SEMINAR ANNOUNCEMENT

Department of Chemical Engineering

Title: "Opportunities to Invent - Challenges"

Speakers: Dr. Ramani Raju and Dr. Thyagarajan V. from Intellectual Ventures

Time: 12 to 1PM on March 07, 2013 (Thursday)

Venue: ChE seminar hall

Abstract

Intellectual Ventures (IV) is interested to solicit breakthrough inventions in different areas of material chemistry ranging from catalysts to process improvements in various areas such as

a. Biomass/ Lignin to chemicals and fuels
b. CO_2 to chemicals
c. Food packaging
d. Ultra light weight materials and energy storage
e. Uniform illumination
f. Printable optoelectronics

IV will present state of the art, current lacune and possible areas to invent.
